About Advanced Training Institute

Air Conditioning Technical Institute was established in October 2002 and transitioned into the Advanced Training Institute in February 2007. In September, 2012, ATI moved into a new modern facility. The ATI campus is approximately 63,000 square feet, with 27,500 square feet of lab space dedicated to the Automotive Technology, HVAC/R, and Electrician labs. ATI is licensed by the State of Nevada Commission on Post Secondary Education.

ATI is proud to provide employers in the Las Vegas market with a group of highly-skilled technicians. It is the goal of ATI to set the standard for training of Electricians, HVAC/R and Automotive Technicians throughout the Southwest, by producing fully-trained and certified graduates.

How do I get started?

Meet with the ATI Admissions Department,
it's that simple!
